
DentaCheques

DentaCheques is where business and charity intersect. Dentists and specialists who purchase this dental-product value book receive \$120 in invoice credits from their supplier, \$750 of free products and thousands of dollars in rebates on the supplies they already buy. What's more, most purchasers benefit from the altruistic feeling of helping those less fortunate.

There are a myriad of ways in which practitioners can help themselves, but DentaCheques provides a unique tool to transform \$110 into thousands of dollars for any practice and at the same time, hundreds of dollars worth of life-changing dental care for vulnerable individuals.

To order or for more details, please visit the DentaCheques website, call 800-366-3331, or print and mail the order form.
